

# *In-Wall Speakers*

## *In-Wall Speakers (IWB-65)*

As you would expect from a Whatmough speaker, these In-Wall Speakers deliver excellent sound having been tuned by Colin Whatmough. For situations where you require discrete 'out of sight' speakers, while still enjoying quality sound, these in-wall speakers are an excellent choice, and incredible value.

- 175mm 2-way speaker with 25mm dome tweeter
- Easy fit toggle system
- 40W RMS (80W max)
- 6 ohm impedance
- Quality X-over network using audio grade components
- Multi directional swivel tweeter
- Aluminium grill (won't rust)
- Stainless steel screws
- 5 Year warranty

## *In-Ceiling Speakers (ICB-65)*

These In-Ceiling Speakers deliver quality sound equal to high-end ceiling speakers costing far more. Colin believes great sound should also be affordable, and these speakers really deliver the sound you want, at a price you'll be very pleased with.

- 175mm 2-way speaker with 25mm dome tweeter
- Easy fit toggle system
- 40W RMS (80W max)
- 8 ohm impedance
- Quality X-over network using audio grade components
- Multi directional swivel tweeter
- Aluminium grill (won't rust)
- Stainless steel screws
- 5 Year warranty
